

# Where to hold Activities

All UNL Recognized Student Organizations need to register their events, social activities and meetings with Student Involvement whether they are held on or off campus. This ensures that the event has proper insurance coverage and also puts it on the UNL events calendar (refer to the SOAR entitled “Event Planning and Registration”). Deciding where to hold your activities can be puzzling. This list can help you do some of your pre-planning. It contains individual contacts and phone numbers so you can check on costs, availability and facility requirements before registering and publicizing your event.

## CAMPUS RESOURCES AND FACILITIES
